The Reimagination of MU’s Division of Inclusion, Diversity & Equity
Moving Forward Together

The Division of Inclusion, Diversity & Equity actively fosters a living, learning and working community where everyone is valued and inspired to reach their full potential. — IDE Mission Statement
IDE Restructuring: A Three-Phased Approach

Guiding Questions:

Phase 1
- How do we appropriately staff and structure the Division of Inclusion, Diversity and Equity so that we are maximizing engagement and resources?

Phase 2
- How do we address and solve the most pressing issues affecting our campus?

Phase 3
- How do we become the example for universities around the world?
Progress of the Plan

Phase 1

- Throughout the 2020-2021 academic year, Vice Chancellor Gipson has assessed IDE through evaluations, stakeholder feedback and peer comparisons.

- As a result, he determined that IDE needed to realign some of its staff as well as create new positions.

- The first realignment took place in Inclusive Engagement. The second took place in T9/OCR. The third is taking place in the Department of Social Justice. The final realignment will take be complete later next year in Access and Leadership Development.
Progress of the Plan

Phase 1 Explained

- Inclusive Engagement will now be a single position that reports to the VC and will be responsible for internal and external outreach and engagement
  - New Unit will be called Inclusive Excellence and Strategic Initiatives
    - Includes an AVC, AD for training and professional development, Faculty Fellow, Data analyst, 2 communications professionals (jointly with JOSCM and VC), HR/recruitment professional

- Institutional Equity replaces the former Office of Title IX and Civil Rights. Added three additional staff members to better support the unit’s efforts.
  - Alignment still includes Office of Accessibility and Affirmative Action/EEOC Officer
Progress of the Plan

Phase 1 Continued

- Access and Leadership Development is in the middle of their realignment now.
  - Promoted Dr. NaTashua Davis to Associate Vice Chancellor
  - As of July 1st, the unit is home to Missouri College Advising Corps (MCAC) with over 60 employees
- Competing for first-ever Upward Bound program
- Added Ms. Velma Buckner to the unit as the Assistant Director for Undergraduate Programs and Outreach along with MBMI/MBWI for better alignment of programs
- Assessing the remaining needs
Progress of the Plan

Phase 2

- After the completion of the staffing realignment, we will have the appropriate staff to better address and solve some of the most prevalent issues affecting our campus. This process will include listening to stakeholder voices, enacting changes, and aiming towards positive progression.

Phase 3

- Becoming the premier institution for diversity best practices is not an easy task. However, IDE is committed to becoming an exemplar division within the diversity profession. To accomplish this, we must be innovative and deliberate in our solutions to difficult problems.
Investing in Mizzou Students and the Division

Student Diversity and Academic Initiatives (SDAI) Unit

- Comprised of three areas: Department of Social Justice, Relationship and Sexual Violence Prevention Center (RSVP) and Office of Student Support and Success.
- Providing more co-curricular opportunities through partnerships with academic departments.
- Greater collaboration with campus and community partners.
- Expanding professional growth opportunities for our staff.
Investing in Mizzou Students and the Division

Student Diversity and Academic Initiatives (SDAI) Unit

- Creating more intentional and intersectional programming and initiatives.
- Investing more resources to enhance and improve student support & success measures. Examples: Graduation rates and retention rates.
- Modeling a more effective, more integrated structure for student success within the centers.
Prioritizing Student Success Outcomes & Intersectional Approaches

- Focus on supporting students by providing support, advice, direction and reference.
- Help students develop successful skills, behaviors and habits including:
  - Academic and career goal setting skills, learning strategies, time management and organization, self-regulation and self-efficacy.
- Support program development and training for peer mentors, tutors and student workers to be efficient and responsive to student needs.
- Foster a supportive environment to discuss success barriers and co-create action plans for change with coursework and campus services.

Research Supports Our Goals

- Over the past decade, Georgia State University has consistently seen its retention and graduation rates increase — especially among URM.
- Georgia State focused on three areas:
  - Predictive analytics
  - Academic support
  - Financial support.
- IDE will utilize components of this plan to achieve equity within student success metrics.
